# MILLIONS HITTING HIGHWAYS FOR HOLIDAY

## U. S. Seeking Plan To Arm Germany

WASHINGTON (AP)—After a week of worry and soul searching, U. S. officials are fairly confident today that a formula will be found in a reasonable time for arming West Germany as a partner in the anti-Communist defense of Western Europe.

But there is far less confidence that this formula will promote European unity. Some other device may have to be found for that.

As Washington views the situation, the tragedy of French de-

struction of the proposal for a European Defense Community is that EDC would have served both designs.

Diplomatic authorities say privately the first dangers of the EDC defeat apparently have been weathered successfully.

There had been deep concern here about a violent reaction in West Germany, including angry statements against France, outbursts of extreme German nationalism and the like.

State Department officials said that has not happened. They regard as encouraging the moderate tone of German reaction, based on the theme of getting on with the task of strengthening Europe's defenses.

Another fear was that American reaction might take a violent swing. Some officials now concede that perhaps EDC was oversold as a solution for Europe's troubles. If it failed, there was always a certainty that some other European defense plan, however much less desirable, would have to be found.

The ways still open in a practical sense appear to embrace only two possibilities.

First, the American and British government now favor solving the German rearmament problem by making West Germany a member of the 14-nation North Atlantic Treaty Organization.

Second, should the NATO plan fail, London and Washington appear to have an understanding, that they must then try to rearm Germany directly. They would prefer to that with the approval and cooperation of France.

Britain has already proposed an eight-nation emergency conference to begin drafting a new plan for West German rearmament. It was reported yesterday that the United States was inclined to agree to the proposal, although no word has been received from Britain.

## Violent Storm Rips Northern Part Of Ohio

TOLEDO (AP)—Violent electrical storms, whipping across northern Ohio last night as the vanguard of a cold front, destroyed a Roman Catholic cathedral in Youngstown and interrupted electrical power in several counties.

The church, St. Columba's Cathedral, was hit by a bolt of lightning, and the ensuing fire was not brought under control until early today. The roof of the structure collapsed shortly before midnight, later a steeple at the rear of the building crashed to the ground, endangering numerous spectators.

Firemen saved a rectory and a parochial school nearby.

Church spokesmen estimated loss of the building at \$1 million.

In Toledo, lightning struck an insulator at a Toledo Edison Co. substation, blacking out an area over nine northwestern Ohio counties more than an hour.

A power company spokesman said the insulator at the Bayview Substation in north Toledo was knocked out of use about 7:55 p. m. An automatic shutoff at the utility's downtown plant then stopped seven turbines which serve Lucas, Fulton, Wood, Henry, Defiance and Seneca counties and parts of Williams, Ottawa, Sandusky counties.

## Pennsylvania Town's Lights Turned Off

HUGHSTOWN, Pa. (AP)—The Scranton Electric Co. notified this eastern Pennsylvania town it planned to shut off power to the town Sept. 1 unless a 1953 bill totalling \$1,100 was paid by that time. It wasn't.

Last night the town's lights went out.

The blackout affected only street lights and other city fixtures.

Borough Council has been unable to pay the bill because of a dispute among borough officials over the 1954 budget presented last January.

Hughstown, with 2,000 residents, is in the anthracite coal belt, hard hit by unemployment.

## Phone Plan OK'd

COLUMBUS (AP)—The Ohio utilities commission today permitted the General Telephone Co. to set up rates for a correct time announcement service. The company said it had a potential customer in Marion to sponsor it.

## Censure Trial Is Rehash Of Old Records

### McCarthy Hearings In Weekend Recess; Will Resume On Tuesday

WASHINGTON (AP)—The McCarthy censure hearings, so far almost entirely a rehash of old records and testimony, hit a weekend dead spot today.

Possibly the inquiry may be over by late next week.

The mass of evidence on five major charges of accusations against Sen. McCarthy (R-Wis.) has been spread on the record in three days of drab but fast-moving public sessions. There was nothing new in it, no surprises.

Where the hearings go when they start up again Tuesday is uncertain. The six-man special committee may have a bit more evidence to offer and briefs to file.

"We haven't closed the door on anything," said Chairman Watkins (R-Utah).

Or McCarthy and his lawyer, Edward Bennett Williams, may open their defense.

"We'll be ready to go on Tuesday," Williams said.

MCCARTHY TOLD newsmen "I anticipate I will be" a witness. But neither he nor Williams was ready to say what other witnesses they might call, if any.

Under orders from the Senate, the committee is considering a resolution by Sen. Flanders (R-Vt.) to condemn McCarthy's conduct as tending to bring the Senate into disrepute. Backing up the resolution, Flanders and Senators Norse (Ind-Ore) and Fulbright (D-Ark.) aimed 46 overlapping, specific charges against McCarthy.

To get things started, the committee skipped some charges and lumped the others into five major categories.

Working with unexpected speed it finished putting into the record by mid-afternoon yesterday the documentary evidence, mostly from transcripts of prior hearings of other committees.

The two categories covered yesterday were charges that McCarthy (1) violated the espionage law by bringing into the recent McCarthy-Army hearings a document quoting a secret FBI report, and (2) urged government employees to break the law and violate their oaths of office by giving him secret information.

Long excerpts from the Army-McCarthy hearings were read into the record retracing the story of how McCarthy produced last May 4 what he said was a letter from FBI Director J. Edgar Hoover, relating to security at the Army radar lab at Ft. Monmouth, N. J.

IT WAS A 24 page document which Hoover later was quoted as saying contained verbatim passages from a 15-page memorandum the FBI had sent to the Army intelligence service.

Also into the record went a letter from Atty. Gen. Brownell declaring Hoover had told him "he never wrote any such letter" as the abbreviated document McCarthy produced. The latter document, he said, was "not authentic."

Brownell said, furthermore, that the document involved "an unauthorized use of classified information" and "serious harm" would result from ignoring secrecy labels on FBI papers. The document was never made public.

## Woman Accused In Inlaw's Death

WEST UNION (AP)—Maintaining her confidence that "God will take care of me," 50-year-old Mrs. Dora Litter yesterday was charged with first-degree murder in the death of her daughter-in-law.

The daughter-in-law, Edith, 27, died sometime in April, authorities said. Her body was found in Mrs. Litter's home July 5.

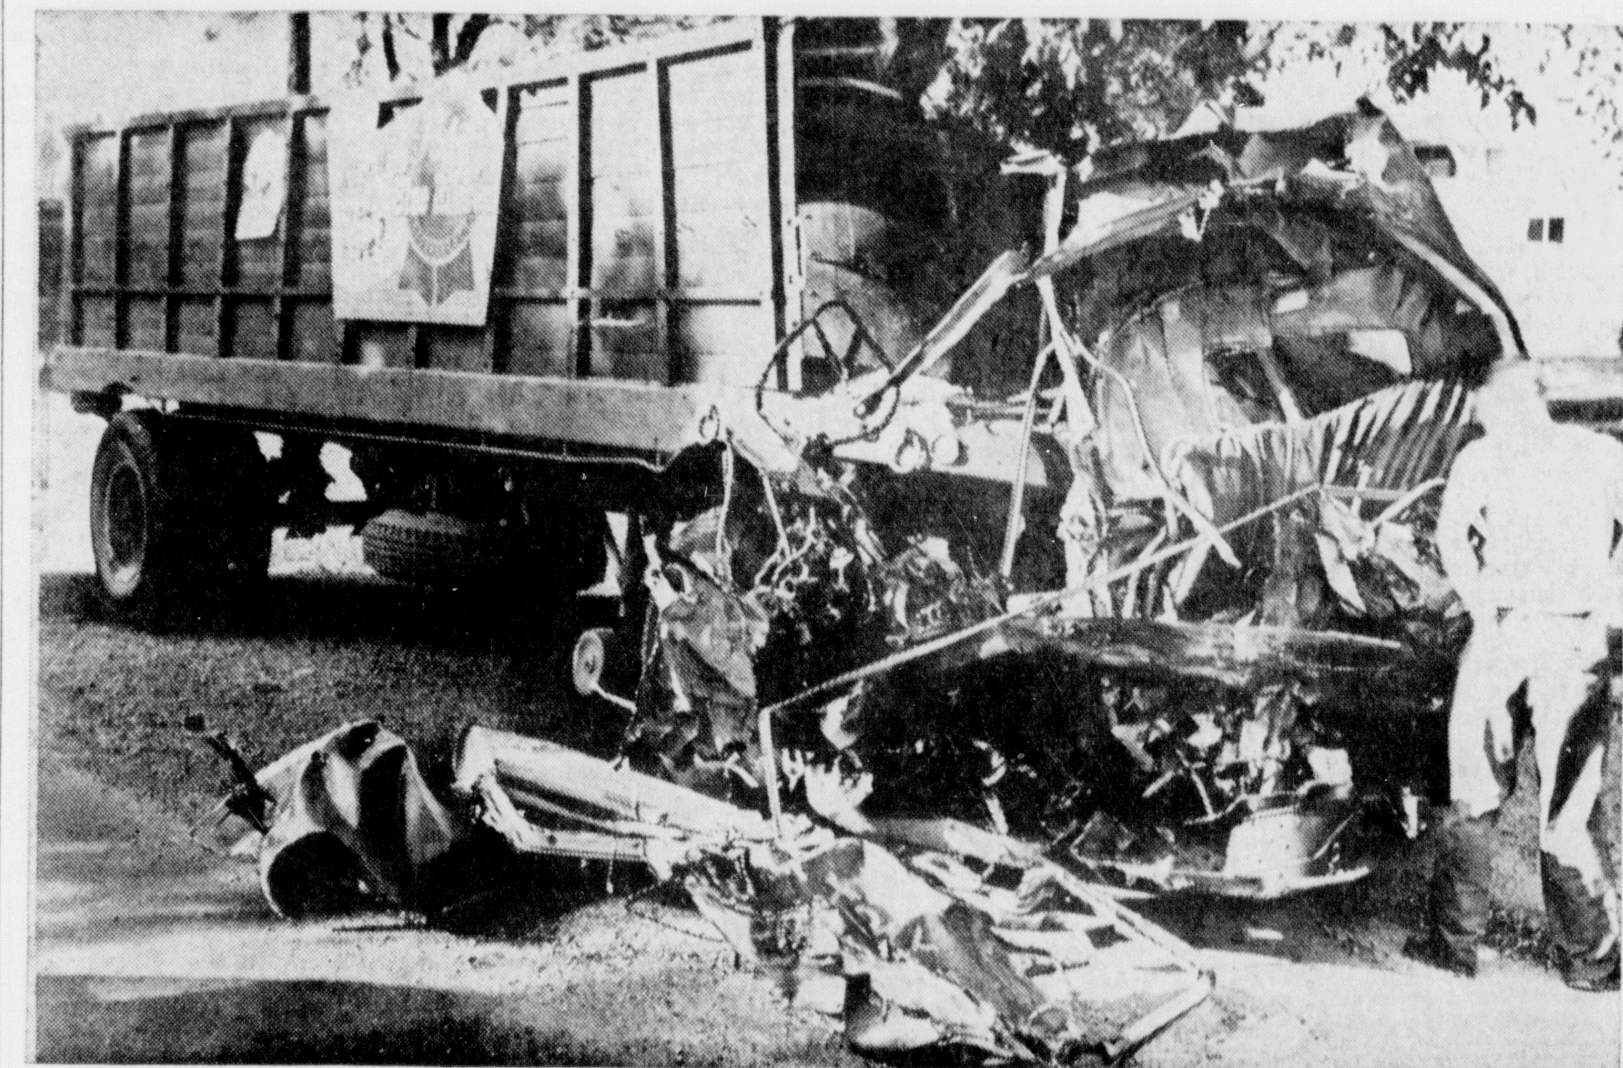

Sheriff Eugene Fulton said cause of death has not been determined. Authorities did not explain why they believed Mrs. Litter was responsible.

When officers asked why she failed to report the death to officials, she was quoted as saying: "I reported to the Lord. That is all that is necessary. No one ever dies."

## Injures Fatal

CINCINNATI (AP)—An injury suffered Aug. 21 when a tree limb fell on her caused the death yesterday of Mrs. Georgianne Lackner, 54, a public relations director.

## Four Killed When Truck Hits Train

WILMINGTON (AP)—Two Ohio sisters and two Richmond, Ky., men lost their lives yesterday when a tractor-trailer slammed into a passenger train in the heart of the village of Reesville.

All were jammed in the driver's seat of the truck.

Dead were Katherine Myers, 19, of Rt. 3, Peebles, Adams County, Ohio; her 6-year-old sister, Verda Ethel; Tony B. Cox, 38, of Richmond, Ky., driver of the truck, and Clinton Simpson, 19, also of Richmond.

State police said Cox apparently did not see the Baltimore & Ohio train. The engine already was about 200 feet past the crossing when the truck hit a car.

Reesville, a Clinton County village of 250 persons, is seven miles east of Wilmington.

The impact of the crash threw Cox and Katherine Myers from the truck.

Two train cars were damaged considerably, the state highway patrol said, but the train was not derailed.

Three train passengers received minor injuries from the jolt. (Wilmington News-Journal photo)

## Monday To Be Holiday Here

Labor Day will bring just about everything in the way of human activity except labor to Washington, C. H.—there will be picnics, there will be baseball games, there will be drives over the countryside, there will be visiting—but there will be very little labor of any kind, unless it might be a few chores around the house.

Virtually every one of the places of business in the city will be closed for the day.

The only possible exceptions are the neighborhood grocery stores, where hundreds always flock every

holiday to get the things they are forget to get before or to take care of unexpected guests, and those stores that are considered essential to public safety.

Gilbert Crouse, the chairman of the Retail Merchants Committee of the Chamber of Commerce, said all the stores, except the drug stores which probably will follow the Sunday schedules, in the up-town district would be closed for the day. He commented that "the Labor Day closing has become so general that it is not even necessary to check on plans for the holiday."

Incidentally, many of the stores which have been closing on Thursday afternoons through the three summer months are now back on the regular six-day week schedule. A few, however, are continuing to close on Thursday afternoons all year round; the manager of one of them said that the holiday in the

## Fair Weather Covers Most Of Nation

CHICAGO (AP)—Fair weather, with generally pleasant temperatures, prevailed over most of the country today.

There were a couple showery areas. Thunderstorms hit sections from Kentucky northeastward into Pennsylvania while light showers were reported in the Central Rockies.

Temperatures were above seasonal levels over the central part of the country from the western Gulf of Mexico north along the eastern slopes of the Rockies to Wyoming and northeastward to southern Lake Michigan and the Ohio Valley. Readings yesterday ranged from the upper 80s and 90s to above 100 degrees in the southern and Central Plains States. Salinas, Kan., was the nation's hot spot with 105.

Cooler air spread southeastward through the Ohio Valley and eastern Great Lakes. It also was unusually cool in parts of the Southeast early today with lows of 58 at Augusta, Ga., and 55 at Corbin, Ky. However, warmer weather spread northeastward along the Atlantic Coast as far as New England.

Skies were mostly cloudy in the Pacific Northwest and in parts of the upper Great Lakes but fair weather was reported in most other areas.

## Sneezing Driver Ends Up In Mess

HOLTON, Mich. (AP)—Herbert Hislop, 38, of Holton, suffered more than the usual agonies of hay fever today.

A fit of sneezing gripped him while he was driving along U. S. 20 near here. He lost control of his car which smashed into a utility pole. He was uninjured but the car, Hislop said, "is a mess."

## Dulles Stresses Importance Of SEATO Parley

MANILA (AP)—U. S. Secretary of State John Foster Dulles arrived today for an eight-nation Southeast Asia security conference he called "one of the most important international conferences of our time."

An 18-gun salute boomed as his plane landed. Two military bands began playing and a host of dignitaries crowded forward as he walked from the airliner.

"I am happy to be again in the Philippine Republic," Dulles told the crowd. "I particularly look forward to seeing again Mr. Magsaysay. I met him here before when he was minister of defense. Now I shall be honored to pay my respects to him as president."

Tomorrow U. S. and Philippines officials will meet in advance of the foreign ministers' conference opening Monday to discuss ways and means of strengthening the mutual defense pact linking the two nations.

"I am confident that through frank discussion and mutual understanding we shall find ways to advance further Philippine security," Dulles declared.

"Next Monday Manila will become the seat of one of the most important international conferences of our time. The representatives of eight free nations will meet here to discuss how to protect Southeast Asia and the southwest Pacific from aggression."

Immediately after reading his statement he drove to the residence of U. S. Ambassador Raymond Spruance.

The secretary was expected to dampen the enthusiasm of the Philippines and Thailand for a strong military alliance against communism.

The United States already has indicated it is not anxious to go along with their demands for a pact binding members to instant retaliation in the event of an attack against any one of them.

Washington is reported to prefer an agreement under which member nations would react to an attack against another member within the framework of their constitutional processes.

## No Terrorist Gang At Lockbourne Now

COLUMBUS (AP)—No organized terrorist gang exists at Lockbourne Air Force Base, officials there have announced following an investigation.

Brig. Gen. Jewitt T. Wheeler, commanding officer, said yesterday the investigation disclosed nine airmen with the so-called Pachuco tattoo. The Pachuco has been described as a hoodlum gang dedicated to violence.

Eight of the airmen denied membership, the general said, and "didn't even know what a Pachuco meant until all this broke."

Gen. Wheeler said the tattoos won't mean a thing as long as the men stay "good soldiers."

## Meanderings

By Wash Fayette

Easter lilies blooming at this time of the year, after having bloomed abundantly at Easter time, are somewhat rare to say the least, but Mrs. J. F. Parkinson, 612 Park Drive, has such a lily with three perfect blossoms.

The lily was a gift from Mrs. Parkinson's husband, our city manager, last Easter. She placed the potted plant out doors last spring, leaving it in the pot, but giving the bulb water occasionally.

A short time ago the new growth started and now the three big lilies are at their best on a 28-inch stalk.

## 390 Of Them May Be Killed Over Weekend

### Ohio Motorists Due To See Fair Weather; Some Rain Predicted

CHICAGO (AP)—Summer's last long weekend lured millions of Americans to the highways, rails, waters and skies today.

From the big cities there was a general Labor Day exodus to beaches, mountains, national and state parks and similar tourist attractions. Railroads, airlines and bus companies added special equipment and crews to carry the holiday load.

The National Safety Council estimated that millions of automobiles will choke the roads and that 390 persons will be killed in traffic mishaps in the 78 hours between 6 p. m. today and midnight Monday.

If the estimated toll should be reached it would be 44 deaths more than occurred on the highways in a comparable nonholiday weekend period of Aug. 20-23. The Associated Press conducted a nationwide survey that weekend which showed that in addition to motoring fatalities there were 43 drownings and 104 miscellaneous deaths for an aggregate of 493.

THE COUNCIL urged every motorist to use caution, drive at reduced speed and observe the rules and courtesies of the road.

In Michigan, where license plates proclaim the state a "water wonderland" for tourists and vacationers, Gov. G. Mennen Williams has declared a state of emergency over the weekend to keep traffic deaths down. About 700 National Guard members are helping patrol the roads.

Ohio motorists were warned that despite road patrols, drivers will have to assume their own responsibility.

"Patrolmen cannot get behind each automobile wheel and do the driving," said Col. George Mingle, state patrol superintendent.

Mingle said Ohio had 46 traffic deaths over the first two summer holiday weekends. Twenty-three are expected to die on Ohio highways this weekend.

He said the overall traffic fatality picture so far this year has shown improvement. He cited an 11 per cent drop in deaths.

"This," he added, "is proof motorists can improve."

Ohio's holiday weather is expected to be only fair with rain a definite possibility. The five-day forecast reads:

Temperatures will average above normal with cooler Saturday and rising temperatures Sunday and Monday, cooler again by Wednesday. Showers mostly likely Sunday or Monday and again Wednesday. Normal low 59, normal high 79 north to 82 south.

## Panel Witnesses Given Protection

COLUMBUS (AP)—Gov. Frank J. Lausche today promised cooperation with Rep. Clare E. Hoffman (R-Mich.) to provide police protection for witnesses in the federal investigation in Cleveland of labor racketeering.

Hoffman said yesterday he would appeal to the governor because witnesses "haven't the nerve to talk to our investigators."

The governor instructed Highway Safety Director U. C. Felty to provide state highway patrol protection for witnesses and contact local police chiefs for additional safeguards.

## Mirror Survives Hurricane Carol

MATTAPOISETT, Mass. (AP)—Battered Mattapoisett, clearing up the hurricane debris, found one item intact.

A two-foot high mirror from a public bath house at flattened Crescent Beach was blown 500 yards down the shore line. It was found upright against a tree—unbroken.

## \$5,096,878 Check For Taxes Written

BALTIMORE (AP)—A messenger walked into the city treasurer's office yesterday and delivered a property owner's check for 1954 taxes.

The check was for \$5,096,878 and was written by the Consolidated Gas and Electric Co.

## Dedication Set For Grange Hall

Speaker of Evening To be State Master

Fayette Grange's remodeled home on West Elm Street is to be formally dedicated with an elaborate ceremony starting at 8 o'clock next Wednesday evening.

Byron Frederick, the master of the Ohio State Grange, is to be here for the event and is scheduled to make the dedicatory address.

Grange spokesmen have said repeatedly during the last few weeks that this dedication ceremony is to be open to the public and not limited to members of the Grange.

The state master is to be accompanied here by Mrs. Frederick, the national juvenile Grange superintendent. Other state officers and deputies from a number of counties in this section have sent word they are planning to be here for the event.

During and following the ceremony there will be special Hammond organ music by Mrs. Gertrude Martin of Newark. Mrs. LaVerne Morgan of Fayette County is to sing "Bless This Home" and Mrs. Otis B. Core is to lead the Altar Song and Dedication Ode.

At the close of the program refreshments are to be served by Mrs. Harold Hewitt, chairman. Mrs. Roy Pfeiffer Mrs. Tom Graves Mrs. Lucy Panzani, Mrs. Roscoe Haines, Mrs. Clifford Hughes, Mrs. Loren Reif and Miss Leona Hewitt.

FAYETTE GRANGE was organized in 1939 by Ralph Nisley, who was the deputy grange master, at that time. The charter was granted just 15 years ago, on Sept. 8, 1939, and the ceremony Wednesday will mark the anniversary as well as celebrate the dedication of the enlarged hall.

There were 60 charter members and, of these, 31 are still active in the organization. Harold Hewitt was the first master. Walter Coil the first secretary and LaVerne Morgan the overseer.

During those early years, Fayette Grange met in the Eber School and later at Memorial Hall.

When the present hall was bought July 14, 1950, considerable expense and labor was necessary to convert it into a suitable meeting place.

Fayette Grange has grown in membership and community interest through those 15 years and more space and additional facilities were needed; so last year a plan to enlarge the building for rest rooms and a bigger kitchen with more equipment was agreed on. The expansion plan also provided more room for the meetings.

LOREN HYNES, the master of Fayette Grange, appointed a building committee of Glenn Griffith, Tom Graves, Roger Acton, Harold Hewitt, Howard Barney and Roscoe Haines to assist the executive committee of the Grange in carrying out the expansion plans.

Members of the Grange gave their time, talent, labor and money to complete the project. Much of their work was done at night and on days when they could not get much done on their farms.

Much credit for the program's success has been given to the home economics committee members who worked so hard with money-making projects to finance the enlargement and remodeling. They also made draperies, helped with the painting and cleaning, and served meals to the men while at work at the hall.

On this committee were Mrs. Roger Acton, Mrs. Glenn Griffith, Mrs. Clifford Hughes, Mrs. Ralph Pope and Mrs. Harold Hewitt.

## Mainly About People

Mrs. Robert Dunn was released from Memorial Hospital, to her home, 707 South Main Street, Thursday afternoon. She is recovering following surgery.

Mrs. Maude Forman was taken from her home, 221 North Hinde Street, to Memorial Hospital, Friday morning in the Gerstner ambulance. She is being treated for a fractured hip.

Alvin Burr of Jeffersonville, was admitted to Memorial Hospital Thursday evening, as a medical patient.

Patricia Ann Rumer was returned from Memorial Hospital to her home, 228 Henkle Street, Thursday evening, in the Parrett ambulance. She had been a patient for observation and treatment.

John Wesley, Jr., Route 3, Mt. Sterling, entered Memorial Hospital Thursday evening, as a medical patient.

After undergoing surgery in Memorial Hospital, Mrs. Dwight Fenner, was released Thursday afternoon, to her home, Route 1, Hillsboro.

Mrs. Gerald Stephenson of the Circleville Road, was taken to White Cross Hospital, Columbus, Thursday for treatment and returned.

Mrs. Clarence Cash, 309 East Elm Street, entered Memorial Hospital Thursday night, for observation and treatment.

Mrs. Homer Penwell, 922 Grove Avenue, was taken to Memorial Hospital, Friday morning, in the Gerstner ambulance. She is a patient for observation and treatment.

## Legal Aide Named

COLUMBUS (AP)—The Ohio State Bar Assn. has appointed Robert J. Casey, a Youngstown Vindicator reporter, as assistant secretary. Casey is a law student at Youngstown College.

## Turncoat GI To Testify In Buddy's Trial

SAN ANTONIO, Tex. (AP)—A Virginia soldier convicted of collaborating with the enemy while a war prisoner is expected to arrive tomorrow to testify in the court-martial of another soldier similarly charged.

Cpl. Edward Dickenson of Big Stone Gap, Va., sentenced to 10 years hard labor, is to be a prosecution witness in the trial of Cpl. Claude Batchelor, a Texan.

Dickenson may not take the witness stand in the corrugated iron shed at Ft. Sam Houston here until Tuesday. The court-martial is to be recessed at the end of today's proceedings for the Labor Day weekend.

Batchelor and Dickenson were among the 25 Americans who originally chose to stay with their Chinese Red captors in North Korea. They were the only two who changed their minds and delivered themselves into Allied hands.

The Army indicated today's proceedings, like most of yesterday's, would be closed because the witness is an Army intelligence agent. The agent took three statements from Batchelor in Tokyo shortly after the Texan arrived there from Korea. Batchelor's lawyer, Joel Westbrook, objected to the statements on grounds previous testimony had established no proof an offense had been committed. He was overruled.

## Stephenson Sisters Win At State Fair

Nancy and Karen Stephenson have won a number of trophies, medals and ribbons for their sewing and hobby entries at the State Fair.

Nancy won medals for third places in spatter print, sewing and seed-sack articles. Her entries were in the senior division.

Karen won second-place trophies for her junior division entries in embroidery and seed-sack articles, and a third place medal for sewing. Between them, the sisters collected five ribbons for additional places from fourth through ninth. They are the daughters of Mr.

and Mrs. Gerald Stephenson of Washington C. H.

## Blessed Events

Mr. and Mrs. Richard Althouse, Route 2, are parents of a daughter, weighing eight pounds five ounces, born in Memorial Hospital, at 11:50 P. M. Thursday.

A seven pound five ounce daughter, was born in Memorial Hospital, Friday at 9:45 A. M., to Mr. and Mrs. Alfred Cornell, 521 Gibbs Avenue.

## Labor Day Holiday

(Continued from Page One) ing mail will be given the earliest possible dispatch, Engle said.

No Record-Herald will be published on Labor Day; this is in line with a long established policy to give employees the day with their families.

Law enforcement officers are among the only ones who are not looking forward to the holiday with happy anticipation. They are looking forward to it with anxiety in view of the heavy volume of traffic that is expected to jam the highways for the weekend holiday.

Plans have been made by state, city and county officers to keep a special lookout for reckless drivers in the hope that they can be slowed down, or taken off the highway, before some harm comes to them or someone else.

Fayette County, with its network of state and federal routes, is always considered a potentially dangerous place on holidays.

## Hocking Buys Plant

JACKSONVILLE, Fla. (AP)—Anchor Hocking Glass Corp. of Lancaster, Ohio, established its first southern plant yesterday with purchase of Tropical Glass and Box Co. of Jacksonville.

Because of their literary patrons, English coffee houses were once called "penny universities."

## Legion Ends Parley With Annual Poll

WASHINGTON (AP)—The rear guard of the 36th annual American Legion convention started home today with a new national commander at the helm and a stack of re-sounding resolutions it hopes will influence government policy.

The four-day convention ended officially yesterday afternoon, with the veterans voicing in no uncertain terms their indignation about communism at home and abroad. Congress is certain to hear of fresh legion demands for universal military training, for new anti-Communist legislation and investigations and for increased veterans' benefits.

Seaborn P. Collins Jr. of Las Cruces, N. M., yesterday elected national commander for the coming year, pledged a vigorous campaign to carry out dozens of resolutions.

Collins, a World War II flier, was chosen unanimously to succeed Arthur J. Connell of Middletown, Conn.

The convention also elected these other new officers: Vice Commanders Leonard Jackson, Clarks, La.; Robert Shelby, Salt Lake City Howard C. Kingdom, Connecticut; Patrick H. Mangan Jr., Brattleboro, Vt.; Dr. Carl J. Rees, Newark, Del.; and national chaplain, the Rev. Albert J. Hoffmann, Dubuque, Iowa.

## 'Ohio River Day' Is Proclaimed

COLUMBUS (AP)—Gov. Frank J. Lausche has proclaimed Oct. 18 as Ohio River Day.

The proclamation urged Ohioans to support the "meritorious projects authorized by Congress of the United States which will conserve and improve our God-given water resources in the interest not only of our state but of the nation."

## Disability Security To Be Considered Next

The Eisenhower administration's humane effort to bring Social Security payments a little more closely into keeping with current costs of living, promises to be an important step in helping senior citizens of this country, widows and their families.

Coming next in line, according to President Eisenhower and other administrative leaders, is the consideration of methods and formulas which can best provide protection for families against prolonged disabilities.

So long as the administration does not move into "socialized medical practice" and its leaders say nothing of this kind must be attempted, there is likely to be public approval of this next move.

When the head of a family is necessarily out of work because of illness, or where one of the major diseases afflicts the breadwinner, savings have a way of evaporating rapidly.

Many a household has seen its economic future clouded by a cancer, heart or tubercular disease. Currently, insurance protection has become increasingly available, but there are individuals who are unable to avail themselves of this coverage.

To help them in meeting medical costs,

and to sustain family standards during such illnesses and disability, many proposals have been offered in the past.

It is already certain that much attention will be devoted in the next Congress to a consideration of this problem, and the administration's stand in favor of steps to alleviate burdens will go a long way towards assuring careful study of the possible methods.

### An Example

Dr. C. Brock Chisholm, the noted Canadian health official, should find Oklahoma a fertile field for his proposed research.

"Is there any behavior," asks the Canadian, "more effectively suicidal than to elect psychopaths, neurotically anxious, violent, egocentric, or prejudiced people to legislative bodies? Here is a very important area for public education in mental health."

We'd like to know what his investigation would show about the singing cowboy who won a senatorial nomination after riding a horse up the Capitol steps, and running for vice president on Henry Wallace's ticket.

## Adults Afraid of Tomorrow's Hope?

By Hal Boyle

NEW YORK (AP)—Teen-agers in every generation have annoyed or amused their elders, and generally been written off as pretty worthless unless there happened to be a war on, and they were needed to carry guns.

Of course, this never was really true and few really believed it. If every crop of teen-agers was worse than the one before, the human race would have lost out long ago.

But it does seem some strange kind of mental bug is infecting our young. Parental authority is crumbling. Juvenile delinquency is growing. The kid gangs of yore used to think they were pretty daring when they joined in mass fist fights or made a midnight raid on a watermelon patch; the kid gangs today have gone a long step farther. They want to rob a grocery store, steal a car, carry a shiv, ambush a grownup and kick him into a pulp.

The other night I was walking with my wife on a Manhattan street. A group of teen-age boys approached in full uniform: T-shirts and blue jeans. They were shouting boisterously, as cubs have done since time began.

"Don't say anything to them," said Frances, clutching my arm nervously.

"Say anything to them? I don't even know those kids."

"Well, don't say anything anyway," she said. "It might start trouble."

The kids passed by without

even noticing us. They kept right on mauling each other and making those boisterous teen-age sounds that put the nerves of some forgetful adults on edge. But I remember being that age very well myself—the wilderness when you are half-boy, half-man, and feeling pretty much at sea inside. And so I knew why they were so noisy.

In their hearts they felt insecure, just as a child whistles passing a lonely graveyard in the dark.

But I also knew what my wife was thinking. She was thinking of the rash of headlines about teen-age gangs beating up and killing casual passersby, or muscling down a woman for the change in her purse.

Since then I have heard several adult women say they were afraid to go out unescorted in the evening, and men complain "nobody's really safe on the street at night anymore because of those crazy kids."

If that is the situation here, then the same feeling must exist in dozens of other cities across the United States. For New York has no monopoly on kid gangs or juvenile delinquency.

How many adult Americans right now are actually physically afraid of teen-agers? Undoubtedly more than at any previous period.

But it is a bitter commentary on our civilization that so many of us should regard in fear today

the generation that is our only hope of tomorrow.

You can't condemn all teen-agers because a few learn the art of mayhem before they learn a trade, and get their laughs by clobbering strangers unconscious and dumping them into a river. The frightening thing in these examples of brutality aren't isolated.

Juvenile delinquency no longer is an adolescent pimple on our society. It is a spreading adolescent cancer.

By the time these kill-for-thrills teen-agers explode, it is too late. Neither the storm shelter of psychiatry nor the electric chair offers much of a real solution then.

It isn't a repair job. It's a problem of prevention. Some folks feel that if you switch a child often enough when he is young you won't have to pull an electric switch on him later, but that makes it altogether too simple. Science must find a way to detect early in life the children with dynamite caps in their brains, and society must share with their parents the responsibility of seeing they are helped to go right at a time when they can still be helped—before they explode and blow their own lives, and perhaps other lives, to pieces.

Who wants to go on being half-afraid of his neighbor's teen-age kids—and, often, his own?

## Brother Can You Spare A Buck

By George Sokolsky

Honorable Harold E. Stassen Official Almoner of the Government of the United States Washington, D. C.  
Dear Harold:

It is a long time since we have seen each other. In former days when your hopes were high you could guide this nation, I must admit that I thought that it might be best for our friend, Bob Taft, to take over because he would clarify the position of our party by making it a distinctively conservative element in American life.

Most Americans are basically conservative and require a political vehicle to express their views. This, of course, is lacking today and that is why there is so much intellectual confusion. Bob would have been good for the United States; unfortunately he passed away and there is no advantage in deifying him. Dead gods are not of more value than a totem pole.

But this letter is not a polemic on deities. Rather it is an appeal for money. You are giving so much away in so many countries for so many reasons, that I would like to get some of it. Perhaps the law says that you are permitted only to give money to foreigners; well, my grandparents on both sides were foreigners. Maybe that would help you to stretch a point.

You see, I am an independent merchant who sells the spoken and written word. I might be regarded as a very handsomely paid person, earning more than Andrew Carnegie dreamed possible when he emerged into the shelds.

However, I have no tricks at my disposal. I am paid by check which means that every cent is accounted for. I can stash no

cash into a showbox under the bed, except a few dollars for safety should an atom bomb fall on New York when I am on my farm. If I happen to be in New York at the time, it will, of course make no difference, as everything will go, including my collection of jade buckles which survived many centuries of civil war.

Each year I make out my income tax, with some technical assistance, and after I pay it, my earnings shrivel to reality. As an independent merchant, I have office and travelling expenses which a kindly government acknowledges as proper business expenditures and which it permits me to deduct from gross earnings.

So the gross is a phantasmagoria. It is a momentary arithmetical thrill. When from the so-called net, the federal and state taxes are deducted, the final net is not so pretty. One can manage, but the distance between the gross and the net (eq) is considerable.

Now in the days of the New Deal and the Fair Deal, the Internal Revenue Bureau always sent nice, young men to go over my income tax statements line for line and word for word. Like all good citizens, I do not swindle, but I do recognize that there might be a difference of opinion.

Whenever I was called upon to pay a nominal sum, which was probably added to my tax to prove that I had had a visitation, I used to say that when the Republicans got in, not only would taxes be reduced but the method of collection would be less punitive. I had great faith in the Republican Party. Alas, recently a nice, young man from the Internal Revenue Bureau came along and he disallowed what the Democrats let me deduct. I suppose that might be called democratic liberalism.

So that brings me to the reason for this letter. You hand money to the French, the Pakistani, to Nehru in India and Haile Selassie in Ethiopia. How about slipping me some of the American taxpayer's money to help pay my revised tax bills? Mind you, I do not want a loan; it would be dishonest to call it that. What I need is a grant, something yake but never pay

back. And I guarantee that if you hand me a moiety out of the billions you just got from Congress, I will never doublecross our good friend Foster Dulles at a conference, because nobody will ask me to a conference.

Perhaps my appeal is in vain as I am only an American citizen who chooses to live in the United States.

As ever yours,

## No Privacy For President Now-Hoover

FRASER, Colo. (AP)—If President Eisenhower is irritated about all the attention his trout fishing attracts, he has former President Hoover in his corner.

Hoover made that clear yesterday in declaring that "one of the degenerations of the last 30 years" is that a President of the United States no longer has any privacy when he goes fishing.

Hoover has been Eisenhower's trout fishing guest at a Rocky Mountain ranch since Tuesday.

Hoover's remarks about the President's privacy came when a score or more of newsmen went out to the ranch (at Eisenhower's invitation) to watch the chief executive sign into law legislation broadening social security coverage and liberalizing benefits.

Reporters asked both men about their luck in the trout stream. Eisenhower replied with a grin that his was pretty good, but that Hoover had caught "the biggest one yet."

A moment later Hoover, a slight smile on his face but unquestionably serious, looked at the newsmen and declared:

"Thirty years ago we used to believe that there were only two occasions on which the American people had regard for the privacy of the President—when he was praying or fishing."

"And I now detect that you have lost the second part of that."

"The press no longer has any respect for the privacy of the President in his fishing. That is one of the degenerations of the last 30 years."

## Diet and Health

Ulcer Patient's Diets May Include Tea

By HERMAN N. BUNDESEN

A strict diet is the lot of the ulcer patient who wishes to get well. He cannot enjoy coffee, alcoholic beverages or smoking, if he cares for these things. These are forbidden to him because they increase the activity of the stomach and hence the amount of gastric juices and acids given off by the stomach. This, in turn, does not allow the ulcer an opportunity to heal.

Up until a short time ago, tea was also on this forbidden list, but now is permitted.

As customarily prepared with sugar, and if not too strong and taken in average amounts of two cups, tea does not remain in the stomach long enough to have any profound effect on the secretions, acids or juices given off by the stomach. It will not increase the amount of acid in the stomach any more than water will.

Effects of Tea

Tea, and especially iced tea, does have a tendency to increase the stomach's emptying power, for the colder the fluid, the more rapidly it is believed the stomach

empties into the intestines. In cases involving children, however, it should be remembered that children are more susceptible to stimulation from substances like tea than adults, and the drinking of this beverage may interfere with their consumption of necessary foodstuffs.

Tea will often decrease the distress common in ulcer patients after eating. A substance in tea known as tannin may be the reason for the soothing action.

Thus, many doctors believe that tea should be no longer forbidden to patients with ulcers or other intestinal complaints. However, such patients should follow the doctor's advice as to whether or not it should be used, since he knows best about the patient's condition.

## Ford May Offer Stock To Public

DETROIT (AP)—A spokesman for the Ford Motor Co. says speculation by Fortune magazine that Ford soon would offer its family-owned stock for public sale was "a pretty reliable story."

The Fortune story said the multi-billion-dollar auto firm will sell the stock to the public in an attempt to gain financial strength and nose out General Motors Corp. for leadership in production and sales.

The spokesman, who declined identification, said he had been told neither to deny or confirm that the company was planning the move. "The Fortune article is just speculation," he said, "but not too bad at that."

## Deportation Set

MANILA (AP)—The Philippine Cabinet has decided to deport to Formosa an estimated 3,000 Chinese nationals who have overstayed their visas. It denied a petition of the Chinese Chamber of Commerce to consider them as refugees from communism.

## Two Attempts Made To Kill Mill Operator

CARROLLTON (AP)—Sheriff's deputies tracked through a heavily wooded area today for a bomb-minded person who twice within the last week has tried to kill a 42-year-old sawmill operator.

Deputy Howard Seith said the victim, Leonard Kempf, had been unable to supply a motive for the two attempts to kill him with homemade bombs.

Kempf apparently suffered no serious injuries, although he complained of being "in a daze" for several days after an explosive went off under his bed Aug. 25.

The second attempt, in which three sticks of dynamite were thrown against his house but failed to go off, occurred Tuesday night.

Deputy Seith gave these details: Kempf, who lives alone in a heavily wooded section near Salineville, returned home after work on Aug. 25. In preparing to go to bed, he threw three magazines on the bed.

A terrific explosion shattered the bed, blasted a hole through the floor and knocked Kempf out.

On the second attempt, Kempf and a friend, Paul Bradley, 48, were sitting alone in the home. Kempf heard a thud on the window sill and saw a burning fuse. The two men ran outside in the darkness and found the three sticks of dynamite under the window.

The person apparently intended to throw the bomb through the window but hit the sill instead and the fuse was torn loose.

## Browder-Coil Marriage Vows Read Wednesday

The marriage of Mrs. Anna Wolfe Browder and Mr. Tasso Coil was solemnized Wednesday evening at the home of Mrs. Browder, 113 West Temple Street.

Rev. W. S. Alexander officiated at the double ring ceremony at 8 P. M. in the presence of the immediate family of Mrs. Browder who wore for her marriage an ice blue lace dress with a corsage of pink roses.

Following the ceremony Mr. and Mrs. Melvin Kiger, daughter and son-in-law of the bride entertained the couple and wedding guests at an informal reception at their home where refreshments were served at a table centered with a beautiful arrangement of deep red roses flanked on either side with tall tapers.

Mr. and Mrs. Coil are at home to their friends at the farm home of Mr. Coil on the Palmer Road.

Miss Sally Reiff and Sandra Rose, who spent a week at the Youth Institute at Sabina, gave interesting reports and Misses Susan Swengle and Sara Terhune were others attending the same meeting.

Mrs. Virgil B. Jennings, secretary of spiritual life, conducted the devotion, which included an article, "A New Year", the reading of the 127th Psalm and used as her subject for a short talk, "Men's Utter Dependency on God," concluding with prayer. Mrs. William A. Lovell, program chairman, had prepared the worship altar for the theme, "Christ the Hope of The World" using the cross, the Christian flag and a globe of the world as to portray the subject. She presented Mrs. John E. Rhoads, in a piano solo, "God of Our Fathers," and read an article, "Thy Kingdom Come", by John Oxenham.

Mrs. Rhoads accompanied an octette of young ladies, Misses Jane Whiteside, Marilyn Heistand, Joan Willis, Mary Ann Carr, Mary Lou Highfield, Marilyn Miller.

Double Loss To Yanks  
Fails To Dampen High  
Spirits In Cleveland

NEW YORK (AP)—Manager Al Lopez and his band of league-leading Indians left for Chicago today still confident of winning the American League pennant and itching to "get even" with the New York Yankees in Cleveland.

The two successive lickings by the Yankees sliced their once 5½-game margin to 3½ after they captured the first of the three-game series. But this did not seem to disturb Lopez too much. At least, not outwardly.

"I still feel we can hold the lead," he said after yesterday's 3-2 defeat. "I said after our Tuesday night's victory, they can hurt us now but they can't kill us."

Reminded that the tough White Sox will furnish the opposition in six of Cleveland's remaining 21 games, Lopez said grimly:

"What's the difference whom we play? At this stage of the race they're all tough. We've just got to keep on winning, that's all."

"And about the Yankees?" he asked. "They've got to win more games than we do. And don't forget this either. They've still got two against us."

"That's right," chimed in Bobby Avila, the team's fine second baseman and leading hitter. "Wait until we get them in Cleveland next time. It will be different there. We'll get even with them over there."

Casey Stengel, Yankee manager, had little to say about the pennant race.

"We're back in business, we're back in business," he told interviewers. "But we got to keep winning to stay in business."

Asked to explain his reason for yanking starter Whitey Ford with nobody on base, one out in the ninth and the Yankees ahead 3-2, the cagey skipper said:

"Ford was tiring. I could see it in the eighth inning when he walked their first pinch hitter (Rudy Regalado) on four pitches and their next pinch hitter (Hank Majeski) put one in the seats only to have my guy (Irv Noren) pluck it out."

"Besides, I had Allie Reynolds warming up in the bullpen for two days. Allie was ready. He's my meal ticket. When their No. 1 big guy (Larry Doby) homered in the ninth, I knew I had gone far enough with Ford. Especially with their No. 2 big guy (Al Rosen) up there."

Reynolds walked Rosen on four pitches but preserved Ford's 16th victory by disposing of Vic Wertz on a popout and getting Dave Philley to hit into a game-ending force play.

In beating the Indians, the Yankees packed all of their scoring into the sixth inning. Mickey Mantle slammed the first pitch into the seats for one run. A second scored on Andy Carey's sharp single after a two-base error by Vic Wertz and

## Baseball in Spotlight Here Holiday Weekend; All-Star Game Monday

Although the all-star game slated for Jeffersonville on Labor Day afternoon has been grabbing much of the week's baseball ballyhoo here, there's a real battle coming up at Good Hope Sunday.

That will be the game in which the Milledgeville and Good Hope outfits fight it out for second place in the little four team Fayette County League.

The Good Hope crew has won 8 and lost 7 while the Milledgeville lads have won 7 and lost 8 this season. This game could leave them deadlocked at 8-all with a rained out game yet to be played before the season ends in less than a month.

In Sunday's other game Mt. Sterling's unpredictable hard luck aggregation is to tangle on the league leading Jeffersonville outfit's home lot. The Mt. Sterling team has won only two games—the season's opener from Good Hope and from Milledgeville two weeks ago when it came up with an 8-0 upset.

Just as a sidelight that underscores that claim that "anything can happen in baseball," the Good Hopers beat the Mt. Sterling boys 2-0 to the next Sunday.

The Jeffersonville record for the season is 13 wins and 2 defeats.

FOR THE all-star game Labor Day, the five players were picked from each of the other three teams

an intentional walk to Irv Noren. The third run came home on another error by Wertz, who knocked down Eddie Robinson's grounder but couldn't find the ball in time to make a play.

The Indians collected only three hits off Ford—homers by Sam Dente and Doby and a single by Avila. The loss broke an 11-game winning streak for 20-game winner Bob Lemon.

### Braves Booked For Redleg Series

CINCINNATI (AP)—The fourth-place Cincinnati Reds tonight face the third-place Milwaukee Braves in the last Crosley Field night game but even a sweep of their four game series could not close the gap between the two squads.

The Reds, a second division ball team the last nine years, are 11½ games behind the Braves. Four straight victories would narrow the margin to 7½ games with only 18 contests to go.

Milwaukee has lost four of seven Crosley Field contests this season and has the same record at its home field.

on the circuit—Good Hope, Milledgeville and Mt. Sterling.

These players are being moulded into a team that is to meet the high flying Jeffersonvillians. Tommy Smalley, the headman at Good Hope, is the manager.

Most of the games in the league have been played without an admission charge—just a passing of the hat to take up a collection to pay expenses—but there is to be a charge for the all-star game. The proceeds are to be divided with 60 percent going to the All-stars and 40 percent of the Jeffersonvillians.

Importance that has been attached to the all-star game by the teams and fans is evidenced by the approval of a plan to have four umpires.

### Dodger-Giant Series Said 'It'

NEW YORK (AP)—The Brooklyn Dodgers open a three-game series against the first-place New York Giants at the Polo Grounds tonight and the word around town is that this is "it"—the team that sweeps this wins the flag.

Although the Giants lead by only three games, they can't lose first place in this series. A Brooklyn sweep would leave the Dodgers two percentage points behind.

But the experts point out that the Giants don't seem to have much bounce to the ounce left after a grueling season. They've slipped back three times since zooming into the lead.

### Hoosiers Clinch Pennant In AA

MINNEAPOLIS (AP)—The Indianapolis Indians, who have led the American Association race from the start, officially are the champions today but the actual pennant-clinching last night wasn't of their own doing.

Columbus defeated second-place Louisville, 9-4, to eliminate the Colonels from mathematical contention despite the fact that Indianapolis was toppled by Minneapolis, 7-3. Held to two hits for six innings, Columbus exploded for five runs in the seventh and added four more in the eighth.

## Fayette County Filly Third in Big Stake

Jane Averill, owned, trained and driven by A. G. Gordon of Washington C. H., finished second and third in the two heats of the \$5,000 Governor's Cup stake for 3-year-old trotters at the Ohio State Fair Thursday while a big contingent of Fayette Countians screamed their encouragement as she came down the stretch.

The stake was won by Lady's First, the same equine trotting machine that beat her at the Fair here six weeks ago. Lady's First won the Governor's Cup, the most prized trophy of the State Fair races, in straight heats with Mike's driving. She took the first in 2:07.1 and the second in 2:06.2.

Fleet Song, owned by Wayne Galvin of Lima and driven by Buxton, finished third in the first heat of the Governor's Cup stake and second in the second heat. Fleet Song was out of the money in the 2-year-old trot here when these same three horses matched strides for the first time this season.

### U.S. Woman Golfers Top British Team

ARDMORE, Pa. (AP)—America's finest amateur women golfers, decisive winners over the cream of Britain's women golfers, need only two victories today to bring the Curtis Cup back to Uncle Sam.

The American Curtis Cup squad took a 3-0 lead in the eighth biennial international matches yesterday over the tough 6,163-yard Merion Golf Club course. It was the first time since 1932, first year of the cup competition, that the American girls won all three Scotch foursome matches.

## 3 New Areas Opened To Ohio Hunters

COLUMBUS (AP)—Three new areas will be opened to hunters in Ohio this fall, the state wildlife division announced. At the same time, the division said, expanded sections of two established hunting areas will be made available.

The new areas:  
A 380-acre former wildlife refuge in Wyandot County one mile south of Carey on Ohio 699 to be opened Oct. 1.

A 1,000-acre area in Jackson County off U. S. 35.

A 468-acre area near Fayetteville in Brown County.

The additions to established areas are:  
More than 2,400 acres to the 1,600 acres of Kildeer Plains two miles southwest of Harpster in Wyandot County.

Some 530 acres to the 505 acres of the Wold Creek public hunting area, eight miles southwest of McConnellsville in Morgan County.

Two Ohio lakes have been stocked and are ready for fishing, the

division announced.  
The lakes—Veto, in Washington County, and Knox, in Knox County—will have parking facilities, toilet

lets, drinking wells and boat launching ramps.

## Big Toll Likely On Labor Day

### State Patrol Head Issues Warning

Citing the fact that 46 Ohioans lost their lives over the first two summer holiday week-ends, Col. George Mingle, Superintendent of the Ohio Highway Patrol, today called upon those planning Labor Day trips to include "safe driving" in their plans.

"Although the traffic death toll and the over-all picture has shown improvement so far this year, the holiday slaughter has continued to be high," he said.

Col. Mingle pointed out that both the July 4 and the Memorial Day week-ends this year were four-day events since they fell on Sunday and were celebrated on Monday. Twenty-four persons were killed over July 4—three on Friday, eight on Saturday, four on Sunday, and five on Monday. Twenty-two persons died in traffic over Memorial Day—five on Friday, ten on Saturday, two on Sunday, and five on Monday.

"Labor Day, 1953, was one of Ohio's worst with 38 persons killed in traffic," Col. Mingle said. A breakdown of the 1953 Labor Day deaths shows: 10 were killed on Friday, 13 on Saturday, 8 on Sunday and 7 on Monday.

"Although patrolmen will be on the highways, they cannot get behind each automobile wheel and do the driving. Motorists will have to assume their responsibility and drive defensively and carefully or they may become one of the statistics in our files."

The fact that state-wide figures show a 11 percent drop in the number of traffic deaths this year "is proof that motorists can improve their driving," Col. Mingle pointed out. He said the patrol has been able to increase its traffic enforcement as a result of raising its manpower to 620, only 30 below the 650 authorized by the Legislature.

## Cases Dismissed By Judge Brubaker

After hearing testimony in two cases Friday forenoon, Judge R. L. Brubaker dismissed both of them.

The first case was that of Edna West against Nellie Skidmore, in which Mrs. Skidmore was charged with threatening to shoot Mrs. West.

The second case was Mrs. Betty Johnson against Esther Overman, in which disturbing the peace was charged.

In an assault and battery charge filed against Buddy Smith, the fine was \$50 and costs. Thursday it was not suspended, as previously announced. The fine was paid in full.

## Godfrey Enthused About Aviation

VIRGINIA BEACH, Va. (AP)—It's Arthur Godfrey's opinion that "people who haven't flown haven't lived."

That was the radio and television performer's comment here yesterday as he received a diamond-studded silver punch bowl given him by the Virginia Advisory Committee on Aviation for his contributions to flying education.

Godfrey told a regional meeting of the National Aviation Trades Assn. he passed a physical examination to enable him to pilot his own plane again Sept. 16.

That's the day the Civil Aeronautics Board will reinstate his flying license, suspended March 16 on charges of careless flying at the Teterboro, N. J., Airport.

### OPPOSE ISSUE

GREENFIELD — Hubert Hamilton, chairman of the board of directors of the Greenfield Municipal Hospital, has organized a committee to oppose the proposed bond issue for a new Highland County Memorial Hospital.

## Funeral Held For Alonzo Moore

Private funeral services for Alonzo L. Moore were held at 2 P. M. Thursday at the Gerstner Funeral Home in charge of Rev. Clinton W. Swengel, pastor of Grace Methodist Church.

The minister read the Scripture, offered prayer, read "Abide with Me" and paid a personal tribute to Mr. Moore, a prominent retired farmer.

The pallbearers, who also took care of the floral remembrances, were Warren, Harold and Donald Moore, Leroy Larriek, Sr., and Leroy Larriek, Jr., and M. Grove Davis.

Interment was in the Washington C. H. Cemetery.

## Few Arrests Made Here On Thursday

Only a few arrests were made here over Thursday and two of them were old offenders who were rounded up for being drunk.

Clyde S. Allen, Letitia, Ky., was arrested for driving with fictitious license plates and Helen Baker, 33, Jeffersonville is facing a charge of disorderly conduct.

### Driver Is Fined

Circleville, Sept. 3.—On a charge of driving while drunk, Herman Merritt, Washington C. H., was fined \$100 and costs and given three days in jail, drew six months for carrying a concealed weapon and was fined \$50 and costs. (Suspended) and, on a charge of not having a driver's license, he was not permitted to apply for a license for six months.

### NEW BRIDGE

ZANESVILLE — A new \$900,000 bridge over the Muskingum River, linking Philo and Duncan Falls, will be dedicated Monday.

## Former Resident Injured In Storm

Richard Morris, who is possibly remembered here better by the name of Floyd Morris, was taken to St. John's Hospital in Springfield, Ill., with a broken ankle and a head injury he received Sunday evening in an accident at the Illinois State Fair.

He is the son of the late Mr. and Mrs. Frank Morris, who lived on Grand Avenue, and the nephew of Mrs. Clyde Smith of Leesburg Avenue. He is a salesman and has not lived here for nearly 20 years. His home is now in Springfield, Ill.

Mrs. Smith, who has just received word of the accident, said her nephew had taken shelter from a storm under one of the exhibitor's tents on the Fairground when it was blown down. He was hit by one of the heavy tent poles, she said.

## Two WCH Girls In Nurse School

Two girls from Washington C. H., Ohio, Miss Gloria Mary Hooks, daughter of Mr. and Mrs. George Hooks, 929 Lakeview Avenue, and Miss Cora Rehm, daughter of Mr. and Mrs. William H. Rehm, 330 Rose Avenue, and both graduates of Washington C. H. High School are members of the first-year class of The Miami Valley Hospital School of Nursing, Dayton.

This class, the largest in the School of Nursing's 55-year history, numbers 107 and was registered this week.

In 1952 a total of 94 students were registered on opening day, the largest entering class prior to this year. Last year 90 were in the first-year group.

## DP&L Earnings Show Sharp Jump

Gross revenue of The Dayton Power & Light Co. reached a level of \$60,000,000 for the 12-month period ending June 30, 1954, according to the second quarterly report issued today by Kenneth C. Long, president of the company. This was an increase of 8.7 percent over last year.

In his message to stockholders, Long pointed out that increases were also recorded in operating expenses and earnings available for common stock. Expenses were up 8.4 percent and earnings on common stock were almost \$7,500,000, an increase of about 8.5 percent.

## 100 Million Seen In Church In '56

NEW YORK (AP)—The Christian Herald, interdenominational publication, predicts that total church membership in the United States will pass 100 million by 1956.

In its current issue, the magazine says the figure is based on the present annual growth rate of three per cent.

Church membership of all denominations last year, it said, totaled nearly 95 million, a 2½ million gain over 1952.

## New Court Bailiff Is Now On The Job

David Whiteside, former county treasurer and superintendent of the county Children's Home for many years, has started his duties as bailiff in the common pleas court.

Whiteside was appointed by Judge John P. Case to succeed Richard S. Ramsay, who died during the summer after having held the post for many years.

## Drummond Store Damaged By Fire

Portsmouth police and firemen believe that burglars were responsible for a \$20,000 fire in the Drummond Farm Implement Co. store at Portsmouth early Thursday morning.

Investigation disclosed that a rear door was open and the safe had been tampered with.

Three fire companies fought the

flames for several hours to hold the fire in the one structure.

The office and front part of the store were burned out.

The store is owned by Floyd Drummond of Bainbridge, who also owns the Drummond Implement Co. Store in Washington C. H. One in Bainbridge and another in Chillicothe.

### DOUBLE TROUBLE

McARTHUR — Jack Cantrell avoided being jailed on a charge of possessing a still, by the fact that he already was in jail for cutting to kill a neighbor. He will now face the additional charge of making moonshine liquor.

## Fayette County Hogs Take Ribbons at Fair

Fayette County hogs took their share of the ribbons at the State Fair shows again this year.

Although all of the results of the judging in the livestock shows—cattle and sheep as well as hogs—are not yet available, early reports indicate that Fayette County breeders occupied a place in the limelight.

Hampshires from the Andrews & Baughn farm on the Lewis Pike took the junior boar championship and the junior sow championship.

Out of the eight entries made by Andrews & Baughn, eight first place ribbons were won. On of the blue ribbons was for the pen of four in the get of sire class; this is regarded as one of the top

awards for a swine breeder.

Charles Andrews, a partner in the A&B operations, said this entire lot of show animals would be sold in the boar and gilt sale at the Fairground pavilion here Sept. 18.

Robert T. Owens of Jefferson Township took only Duroc barrows to the show and with them he took second and sixth in the heavy-weight single class, second in the pen of three class and third in the carcass (on foot) class.

Fayette County breeders are un-

derstood to have taken some of the top awards in the cattle and sheep shows, but the results of the judging have not yet been assembled for publication.
